DETAILED ACTION

Information Disclosure Statement

1. The Information Disclosure Statement submitted by the Applicant on 4/4/2005 has been considered.

Allowable Subject Matter

2. Claims 1-18 are allowed.
3. The following is an examiner's statement of reasons for allowance: Applicants claim an apparatus for hands-free command and control of a dental imaging system having a display monitor, a microphone and a storage device storing a plurality of dental images corresponding to a dental patient, comprising a speech recognition unit which converts to electronic speech data a voice command received through the microphone to select one of the plurality of dental images for viewing, and a command and control processor for the electronic speech data received from said speech recognition unit, wherein said command and control processor causes the selected dental image to be retrieved from the storage device and then displayed on the display monitor. The prior art submitted on 4/4/2005, teach voice activated diagnostic imaging control user device and a method for integrating a picture archiving communication system and a voice dictation or a voice recognition system.
